

Activating Workplace Giving

Turn 24,000 volunteers into employer dollars — without asking them for a cent.

The Challenge

- By January 2027, up to **298,000 Coloradans** may lose SNAP food aid under the 2025 federal law — demand spikes just as FBR's new facility doubles its capacity.
- Workplace giving is only **\$1.5M of FBR's \$31M** philanthropic budget (under 5%), with **no dedicated strategy**. FBR is already enrolled in Benevity, YourCause & Bonterra — the gap is **activation, not enrollment**.

The Opportunity

24,000 volunteers / year	140K hours logged (68 FTE)	\$0 asked of volunteers	\$350K+ employer grants / yr	1M+ meals from grants alone
------------------------------------	--------------------------------------	-----------------------------------	--	---------------------------------------

Employers fund **volunteer grants** ("Dollars for Doers") of roughly **\$8–15 per hour** their staff volunteer — paid by the company, not your supporters. Capturing even 1 in 4 of FBR's 140,000 annual volunteer hours at \$10/hr is **\$350K+ a year**, about a million meals. **Matching gifts** on donations already arriving add more — at zero cost to volunteers.

The Recommendation

- Solution 1 — Optimize the platform profiles FBR already owns** (Benevity, YourCause, Bonterra). *Free.*
- Solution 2 — List on Millie** to reach Colorado employers not on Benevity. *Free.*
- Phase 2 (optional) — 360MatchPro** match automation (~\$3–8K/yr), only after the free wins prove out.

The First 90 Days

- Capture** Add "Where do you work?" to volunteer check-in to flag who's grant-eligible. *Volunteer team · \$0 · week 1*
- Remind** Auto-email after each shift with a 2-minute link to claim the grant. *Volunteer ops · \$0*
- Match** Add a match-finder box to the donation page (Double the Donation) for instant match forms. *Web · low cost*
- Finish** Complete the profiles — EIN, logo, photos, bank details — so FBR is found and the money lands. *Coordinator · \$0*

THE GOAL

\$4M in 24 months from employer grants & matches = 7.5M meals.

THE ASK

Name an owner this quarter · approve the two free listings · revisit automation in Phase 2.
